## *Are Superheroes Real?*

Let's get right to the point—the answer is YES.

How can we know? Find those individuals with special powers. Ask . . .

- Who can fly in the air and do things that defy the laws of nature?
- Who has peculiar powers beyond that of mortal men?
- Who can see things that are invisible to the normal eye?
- Who is willing to defy death and go fight having the ability to save all mankind from total destruction?
- Who are those people whose true destiny is outside of this world?
- Where are these people, these “superheroes” dwelling among the inhabitants of earth unnoticed?

### **Where are they?**

As with most superheroes, they are dwelling with us closer than we realize. They're in your city, your neighborhood, even in your house.

If you really want to meet one face to face, go look in your mirror.

The real superheroes with all these “powers” on earth is YOU!

### **Me? A superhero?**

Yes. This is not emotional hyperbole, exaggeration or even a cute comparison—it is a fact.

Ask yourself some basic “superhero” test questions:

- Do you believe your true home is not on planet earth?
- Do you believe that you have the capacity to live eternally?
- Do you have a strong desire to save the inhabitants of the planet earth from eternal destruction?
- Do you believe you can call on Powers existing outside of this planet for help?
- Are you preparing for a final battle to defeat Death itself?

Are you delusional?

If you answered yes to all the questions above you are not delusional. You are a Christian, a child of God. And because of that, you have real ‘super powers’.

### **Source of power**

As a Christian, consider that our powers are not given to us with limits. As the Apostle Paul told the brothers and sisters at Philippi, *“I can do all things through Christ which strengtheneth me.”* Jesus Christ is the Superhero of superheroes.

The power that those in the Scriptures possessed to accomplish what was beyond normal human capacity is called ‘Faith’. The source from which they drew this great power is the Book called ‘The Word of God’. We must believe and be confident that *we have the same source of power* as our spiritual ancestors did.

These are the words from the God in Heaven, the divine food given so mankind could have the power to overcome death and save their eternal existence from the fiery destruction to come. And in the end, escape to *“meet the Lord in the air”*.

### **Superheroes' family history**

A history of real superheroes in ages past highlighting their incredible and super-human deeds is documented in the Scriptures in the eleventh chapter of the book of Hebrews.

All of these superheroes knew they were not of this world. They confessed that they were strangers here, temporarily abiding in this place, and simply passing through it. They claimed their final destination is a better place, not on this planet. (Heb 11:13-14).

This history is truly our spiritual genealogy, our family into which we were ‘born again’. Our bond is not of mortal blood, but we are bonded by the Blood of Christ. As we often sing, *“There is power in the Blood!”*

## **"With great powers comes great responsibility"**

So do we really understanding who we are?

The role of a superhero has with it the calling of self-sacrifice. A responsibility to live past a self-serving life.

Recall Moses refusing to live a self-indulgent life of ease and luxury. And by faith he *"chose rather to suffer affliction with the people of God, than to enjoy the pleasures of sin for a season"*.

We sung these words so many times, *"More, more about Jesus"*. Amen! So how about less, less about me, my hobbies, my wants, my worldly desires and goals. And let's learn how to walk in the Spirit!

As the Apostles admonish us, *"This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh: and these are contrary the one to the other: so that ye cannot do the things that ye would"*.

### **Raise the bar**

Are we confident of the power we possess through faith; the things we can accomplish, the limits we can surpass?

By faith we can raise our expectations in this life much higher than the faithless. Do you believe that Sara, way past the age of child-bearing, bore a son in her old age simply because she believed what God said? As the Scripture puts it, *" . . . because she judged Him faithful Who had promised"*.

How much further can we go in our faith if we simply believed there is much more for me to know, and do, and experience in Christ and His Kingdom?

And take that refreshed faith to others in the world in a renewed effort to save the souls of the lost!

Consider the beauty of our Savior, revealed when He was *"pouring out his soul unto death"* for us. He took the punishment and pain meant for our sins upon Himself.

He is the only true Superhero for mankind.

So let this mindset of Jesus Christ be in you . . .  
*"Who, being in the form of God, thought it not robbery to be equal with God, but made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men.*

*And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross.*

*Wherefore God also hath highly exalted him, and given him a name which is above every name:  
That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth;  
And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father.*

*Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling.*

*For it is God which worketh in you both to will and to do of his good pleasure."*

# Superhero

\ 'sü-pər-,hir-(,)ō

: a fictional hero having extraordinary or superhuman powers  
also : an exceptionally skillful or successful person

A **superhero** or **superheroine** is a stock character that possesses superpowers, abilities beyond those of ordinary people, and fits the role of the hero, typically using his or her powers to help the world become a better place, or dedicating themselves to protecting the public and fighting crime.

Superhero fiction is the genre of fiction that is centered on such characters, especially, since the 1930s, in American comic books (and later in Hollywood films, film serials, television and video games), as well as in Japanese media (including kamishibai, tokusatsu, manga, anime and video games).

**The word superhero dates back to 1899.** Antecedents of the archetype include such mythologic characters like Gilgamesh, Hanuman, Perseus, Odysseus, David, and demigods like Heracles, as well as folkloric heroes as Robin Hood, who adventured in distinctive clothing.

**Real life inspirations** behind costumed superheroes can be traced back to the "masked vigilantes" of the American Old West such as the San Diego Vigilantes and the Bald Knobbers who fought and killed outlaws while wearing masks.
